Grass Bioenergy Open House Planned

EnviroEnergy LLC in cooperation with Cornell Cooperative Extension of Delaware County will hold a grass bioenergy open house on **Tuesday, May 17th from 11 am – 3 pm** at the **EnviroEnergy mill at 2265 State Highway 7, Unadilla, New York 13849** (just west of Wells Bridge). The open house will showcase live demonstrations of a 38,000 BTU and a 100,000 BTU high efficiency residential and small business scale heating appliances using local grass pellets. Attendees will view upgrades to the mill and learn about additional use of grass pellets as a weed free garden mulch. Project personnel from the Catskill Grass Bioenergy Project will be on hand to explain the use of grass pellets as a renewable heat source and share their experiences using grass pellets to heat 9 demonstration sites over the last 3 years. The Catskill Grass Bioenergy Project is a research and demonstration collaboration between Cornell Cooperative Extension of Delaware County, the Catskill Watershed Corporation and EnviroEnergy LLC.

Cornell Cooperative Extension of Delaware County provides equal program and employment opportunities. Accommodations for persons with disabilities may be requested by calling Cornell Cooperative Extension of Delaware County at 607-865-6531 by May 14th to ensure sufficient time to make arrangements. Requests received after this date will be met when possible.
